

How time flies! Already mid February – what happened to January!

Swimming Pool Usage:

Please ensure that children under 12 using the pool facilities, be accompanied by an adult to ensure their safety.

Please note, over weekends we have no cleaning staff at our pool areas and request you dispose of empty cans, rubbish etc in the refuse bins provided.

Bird Hides:

The bird hides at the two dams are frequently used by birders. Please be considerate and allow other residents time to also enjoy the birdlife.

Rain Rain Rain:

We have been blessed with 250 mm of rain during the past 10 days, an average of 25 mm a day.

Thanks to Don and his team for keeping the weeds, grass etc under control.

Wine Tasting:

The first wine tasting for 2014 will take place on the 25th of February at 18:30 at Vineyard Village Clubhouse. Early bird registrations can be made, contact Jeanne Steynberg on 083 306 9772. More details to follow via email.

Cutting of the Reeds:

You may have noticed the clean-up at the top dam. In collaboration with the Department of Water Affairs, the invasive reeds have been cut and organic pesticides applied to control growth (not harmful to fish and bird life). Removal of watergrass from the dams takes place every January and February.

Speeding:

A BIG problem. We hope the speeding culprits read our Newsletter! The maximum speed limit is 30km/h. Please adhere to the rules for the sake of our children, runners etc.

Kindly Note:

Be reminded that the speed limit in Vineyard Village is 30 km/h.

Fingerprint – Registration

Please note: registration times for fingerprints are from 07:30 to 13:00, Mondays to Fridays. Copy of I.D. and completed registration forms are required and/or renewal form.

Thank you for all the positive remarks received for our work and effort maintaining and enhancing our beautiful Estate.

Kind regards,

Nick Behr
