

IWMSA KZN BRANCH WEBINAR – THE EFFECTS OF COVID-19 ON THE SA RECYCLING INDUSTRY

The COVID-19 pandemic has had a significant effect on the waste sector, particularly the recycling industry. In South Africa, the national lockdown brought the recycling value chain to a halt, and public health concerns changed recycling behaviour.

Please join the IWMSA KZN Branch, together with the KZN Recycling Forum, for a webinar to discuss the effects and possible long-term impact that the pandemic has on the recycling industry.

FRIDAY 2 OCTOBER 2020		
TIME	PRESENTATION	SPEAKER
09h00 – 09h10	Welcome and opening remarks	Chair
