

Institute of Waste Management of Southern Africa

Central Branch welcomes you to

Licencing of Waste Management in Gauteng

18 September 2013 at 10h00 – 11h30

Plastics SA, Auditorium, Midrand

**Licencing of waste management activities in Gauteng: Everything you should know about the process and regulations**

Listed waste management activities need to be licenced in order to be legal. This seminar will shed some light on the process to follow as well as on the relevant regulations. Representatives from the authorities will be present to provide guidance and answer your questions.
