It seems that in life there are certain times

Which are more than "simply unfair?"

When our hearts search out for better answers

But cannot seem to find them there

And such is the case at your passing

Contemplating the briefness of your life
All the great things that you still would have done
If you'd been granted a little more time
Your efforts will impact generations
Through lives saved, and all the good you did
Truly...you were OUR HERO
And we all thank God that you lived
